## 2008 Sonoma Coast Chardonnay

### Today's Featured Wine: June 14, 2010

“I’m a fan of Sonoma Coast Chardonnays for their pure fruit character, and this one didn’t let me down. It has aromas of crisp apples and pears, with a soft touch of vanilla. Its fruit flavors are deliciously pure, with peach, pear and apple accents. The wine has a pretty vanilla accent, a bit of richness and nice balance.”
